Post Excel Mail Tracker

How important are costs to your business? Is someone charging you a special price to send your post? Do their charges actually match what is being sent out? Would you like to keep track of what is being spent?

- Why not find out using the Post Excel Mail Tracker. Attach the Post Excel to a printer or PC and download the audit reports. It lets you take charge of your costs.
- Grand Total – to view on the Post Excel screen or download to a printer or PC

TOTALS: From dd/mm/yy £ xxxxxx.xx Items xxxxxxxxx Weight xxxxxxxxx kg
Reports available – download to a printer or PC, Daily, Monthly, Yearly

Does it all add up? - You be the judge
