WHITE BIRD
 Designing What We Do

WITH OUR W31

To weigh anywhere

W31 is the best choice for weighing in all industries, in hotels, in catering, in packaging and wherever you need accurate and durable scale

Change your backlight colour as you like!

Colored display to warn the operator at checkweighing

WHITE BIRD
 Designing What We Do

Easy-to-carry

Tare pedal (optional)

With this useful pedal you can operate tare function without touching the scale.

Options:

- Double data output: printer and RS232C
- PR3 Printer
- RD3 remote display
- Tare pedal

Power consumption:

Power: 100-240VAC/50-60Hz
 Operation temperature: -10° / 40°

AC power and rechargeable battery

Specification

Model	W31 / W31S				W31H	
Weighing Range	3000g	6000g	15kg	30kg	15kg	30kg
Increment	0.5g	1g	2g	5g	1g	1g
Linearity	±0.5g	±1g	±2g	±5g	±1g	±1g
Repeatability	±0.5g	±1g	±2g	±5g	±2g	±3g
Stabilization	1 second					
Applications	Basic weighing, piece counting, check weighing, animal weighing					
Minimum piece weight in part counting (recommended)	0.07g	0.1g	0.2g	0.5g	0.1g	0.2g
Sampling quantities in piece counting	10, 20, 30, 50 and 100					
Units	g, kg, oz, lb					
Interface	2 x RS232C					
Protection	IP66				IP30	
Humidity	Max. 85%					
Housing	W31 ABS W31S SUS304 top, ABS bottom				ABS	
Pan dimensions(mm)	250 x 197					
Dimensions(mm)	291 x 398 x 98					
Net weight	ABS 4.35kg, SUS304 5.2kg					

External dimensions (mm)
